An important part of your life insurance application involves answering questions related to your health, medical history, and may also include the need for confidential information.

## What is digital Part II?

To process your application for life insurance, a completed Protective Interview is required. If you prefer not to complete this interview over the phone with our TeleLife® team, our digital Part II is available for you 24/7 to answer questions safely and securely online. No appointment is needed. Your agent will opt you in for digital Part II in the first part of the application.

### What are medical and risk-related questions?

- Questions related to lifestyle, foreign travel, hazardous sports, etc.
- Additional tests you have been advised to take and elective exam(s) or procedure(s) that have been scheduled.

### How it works

- Opt-in with your agent during the initial application process.
- Receive a link to register via email and answer medical-related questions online.
- In the next five days, complete the online questions at a time of your convenience, submit, and e-sign your application.
- If an exam is required, our exam office will contact you to schedule shortly after the application has been completed and signed.
- At any point in the process, you may choose to opt out of the online process and contact our Telelife team to help complete the application.
